About KION

The KION Group is a global leader in industrial trucks, related services and supply chain solutions. Across more than 100 countries worldwide, the KION Group designs, builds and supports logistics solutions that optimize material and information flow within factories, warehouses and distribution centers. The Group is the largest manufacturer of industrial trucks in Europe, the second-largest producer of forklifts globally and a leading provider of warehouse automation.

The KION Group's world-renowned brands are clear industry leaders. Dematic, the newest addition to the KION Group, is a global leader in automated material handling, providing a comprehensive range of intelligent supply chain and automation solutions. The Linde and STILL brands serve the premium industrial truck segment. Baoli focuses on industrial trucks in the economy segment.

Among KION's regional industrial truck brand companies, Fenwick is the largest supplier of material handling products in France, while OM STILL is a market leader in Italy, and OM Voltas is a leading provider of industrial trucks in India.

We Keep the World Moving

With an installed base of more than 1.4 million industrial trucks and over 6,000 installed systems, the KION Group's customer base includes companies in all industries and of all sizes on six continents. The Group has more than 33,000 employees and generated revenue of around €8 billion in 2018.

About Us

TO BRING TOGETHER, THE BEST OF TWO WORLDS

To combine the advantages into a unique position - this is the concept of Baoli. It creates an exceptional position in the world of material handling. The focus on value for money is linked with reliability and aftersales support. Practical forklifts are linked with advanced technology. This is Baoli: the energy of a dynamic Chinese company and the strength of a leading German group.

THE KION GROUP IS A GLOBAL LEADER IN INDUSTRIAL TRUCKS, RELATED SERVICES AND SUPPLY CHAIN SOLUTIONS
